PRIDE Memory Game

PRIDE Memory Game, a traditional matching game, was developed as part of the *PRIDE – Promoting Respect, Inclusion, Diversity & Engagement Across Communities in Europe* project. The European Union funded the project through its Citizens, Equality, Rights and Values (CERV) programme under the Town Twinning call CERV-2025-CITIZENS-TOWN-TT. The game was first presented to the public at the town twinning meeting held in Brestovec, Slovakia, on 29 August 2026.
The cards feature photographs from five partner communities: Brestovec, Jászladány, Ravazd, Racu and Trešnjevac.

How to play

Players: 2 or more. **Aim:** Collect the most pairs of identical pictures.

Prepare the cards

Download the five PRIDE Memory Game PDFs from www.brestovec.eu/urad/projekty/.
Print each two-page PDF double-sided on one A3 sheet, with the pictures on the front and the design on the back. Use thick, opaque paper (180 g/m² or heavier is recommended) so that the pictures cannot show through. Print at actual size (100%) and use the same settings for all five files.
Cut out the individual cards along their edges.

Play the game

1. **Set up.** Mix the cards from all five communities and lay them face down in rows.
2. **Take a turn.** Choose who starts. Turn over two cards so that everyone can see the pictures.
3. **Find a match.** If both pictures are identical, keep the pair and take another turn.
4. **Remember the pictures.** If they do not match, let everyone look, then turn both cards face down in the same places. The next player takes a turn.
5. **Count your pairs.** Continue until all pairs have been found. The player with the most pairs wins. If players tie for the most pairs, they share the win.

For a shorter game: Use fewer pairs, always keeping both cards of each chosen pair.

Have fun playing together! We hope this game helps promote respect, inclusion, diversity and engagement across communities in Europe.
